[Armorize Launches HackAlert\(TM\) SaaS at DEMOfall 09](#)

According to news, Armorize Technologies will be launching its HackAlert(TM) malware injection monitoring and mitigation service at DEMOfall 09. "Businesses are unwittingly serving up malware to their customers through vulnerable websites ; and needless to say this is bad for business," said the DEMO Conferences' Executive Producer, Chris Shipley. "HackAlert(TM) offers unique protection from the latest hacking paradigm — Malware Drive-by-Downloads."

[Travelocity's Parent Company Selects Plateau's Talent Management Suite](#)

Sabre Holdings, the parent company to Travelocity has selected Plateau's fully integrated Talent Management Suite as the building block for its global talent management strategy. "Global organizations like Sabre recognize the organizational efficiencies and consistency that an integrated talent management suite provides," said Paul Sparta, chairman and CEO, Plateau Systems.

[SIGNiX Integrating Its E-Signature Solution with Four Leading Channel Partners](#)

SIGNiX has announced that their hosted e-signature service will be integrated with four channel partners during September and October. CEO Jay Jumper stated "There is an obvious synergy between SIGNiX and other technology providers who create documents which have historically been printed for signature. We are now helping many of them respond to requests from their customers to enable those documents to be signed online."

[Rocket Matter Announces Integration with Fujitsu ScanSnap Scanners](#)

RocketMatter and Fujitsu Computer Products Of America Inc. have announced Rocket Matter's SaaS solution is now fully compatible with the entire line of Fujitsu ScanSnap scanners. "Both products increase efficiency and guarantee a simple, cost-effective and forward thinking means of running a practice. We believe it's important to work with Fujitsu to introduce ScanSnap and a digital environment to our customers and the legal community as a whole." Said Larry Port, Rocket Matter's Founding Partner and Chief Software Architect for Rocket Matter.

[Projecturf 2.0 to Redefine On-Demand Project Management Software with More Than 60 New Features and Enhancements](#)

Projecturf have announced that they will be rolling out Projecturf 2.0 - a new project collaboration tool with features not offered by other SaaS products for project management. This tool maintains the web based project management software's signature navigational scheme and features some of which include unlimited file storage with no cap on users or project managers, sections specifically created for developers and designers, and almost no learning curve etc.

[Habbo Signs with Cint to Build Youth Panels Across the Globe](#)

Sulake has announced the signing of an agreement with online research company Cint to build youth panels across the globe." What's great about this opportunity is that Habbo earns an income from the panel activity, while their members appreciate receiving credits that can be used in their local Habbo community." Said Lauri Löfveblad, Cint Country Manager for Sweden, Norway and Finland.

[Responsys Expands Email Marketing Program for Continental Airlines](#)

Provider of on-demand email marketing and campaign management solutions, Responsys has announced that the company's longtime customer Continental Airlines recently partnered with Responsys to modernize its TripNotes email program. "Thanks to the unbeatable integration capabilities of the Responsys Interact platform there's also opportunity for even greater ROI. Responsys has been instrumental in helping us develop a compelling, long-term campaign strategy and deliver a better travel experience for our customers." said Kim Schwager, Email Marketing Manager for Continental Airlines.

[DecisionPoint Launches MobileCare\(TM\) Device Management Service Providing Live End-User Support via Remote Control](#)

DecisionPoint Systems Inc. has announced the launch of its Device Management offering, part of its MobileCare(TM) mobile systems support services program. Greg Henry, Vice President of Solutions Architecture at DecisionPoint, stated, "MobileCare(TM) Device Management not only reduces the complexity of delivering personalized support to individual end users, but also enables DecisionPoint's deeply experienced support staff to solve complex issues by virtue of remote control."

[Omniflight Helicopters, Inc. Selects MissionMode Solutions, Inc. For Incident Management and Emergency Notification](#)

Omniflight Helicopters Inc. has announced that it has selected MissionMode Solutions' Alert and Situation Center, a leading crisis management and emergency notification system, as its virtual command center and alert notification platform for both daily operations as well as for crisis management, incident management and emergency notification. "We are pleased that Omniflight has chosen MissionMode as their operational contingency and crisis management system." said Malcolm Hafner, CEO at MissionMode. "Their impeccable reputation within the industry, and the fact that they chose us, goes to show their trust in MissionMode and we feel honored to have them as a customer."
